### **DETAILED ACTION**

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/7/07 has been entered.

After a search and a thorough examination of the present application and in light of the prior art made of records, claims 1-11, 13-23 and 25-35 (renumbered as 1-33) are allowed.

Claims 12, 24 and 36 have been cancelled.

### ***Reason for Allowance***

2. The prior art made of records does not teach or fairly suggest the combination of elements, as recited in independent claims 1, 13, and 25. More specifically, the prior art of records does not specifically suggest wherein determining a rank for each of the documents, wherein the rank represents an importance of each document relative to the other documents; forming at least one equivalence class that includes documents that are connected through a redirect, wherein each equivalence class describes a redirect chain; detecting cycles for each equivalence class, wherein documents in a cycle are marked so that they are not indexed, and, wherein, for each equivalence class, the cycle is formed when a last document in the redirect chain redirects to a first document in the redirect chain; detecting incomplete chains for each equivalence class, wherein

documents in an incomplete chain are marked so that they are not indexed, and, wherein, for each equivalence class, the indirect chain is formed when a last document in the redirect chain redirects to a document that has not been crawled.

The dependent claims, being definite, further limiting, and fully enabled by the specification and are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
